c++ developer

Dear Sir/Mam

By means of this letter I would like to inquire about the possibility of filling an outstanding internship position at Viga Entertainment Technology. My preference would be to fill the position of c++ developer.

I am currently studying B.tech in Cse at Kalinga Institute of Industrial Technology (KiiT). During these studies, students are readied to become c++ developer. The emphasis lies on coding as during the educational process the topics of c++ are discussed. I

would like to use my skills with Viga Entertainment Technology, in order to make optimal use of my acquired knowledge.

I would describe myself as someone who is highly enthusiastic. Combined with my experience, I believe that I can make a valuable contribution to your organization. I see the position of c++ developer as the perfect next step in my career. In the position of c++ developer, I expect to be able to develop myself further as a professional.

I would like to further explain my motivation to work at Viga Entertainment Technology during a personal meeting. You can reach me either by phone via 8902681426 or by email via [1905833@kit.ac.in](mailto:1905833@kit.ac.in).

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

Amit Chattopadhyay
